SHS202 U.S. HIST 2P	

1st Choice

We are moving to an electronic approach to review student course selections. It is a very confusing format, so we ask for your patience and support.

Directions:

1. The "Alternates For" column will list the 1st choice elective. The corresponding course on the left column will be the 2nd or 3rd choice. If no alternates were chosen, then the "Alternates For" column will be blank.
2. The "Courses" column should have the courses the student would like to take next year (1st and 2nd semester). Six of the courses will be the primary choices. If the "Courses" column does not have at least 6 courses listed, then you need to see your counselor.

In this example, 3-DIM ART is the first choice. GRPH ILLUS and ART are the 2nd and 3rd choices (not-respectively). The courses on the left hand side (including 3-DIM ART) will be the primary courses the system will try to give the student next year.

To print this screen, you will need to highlight the page first and then print. If you need further clarification, please contact the respective counselor.
